REPORT OF THE GRAND EXALTED RULER

Brother Derek Barkley read his report as Grand Exalted Ruler to the delegates. His report can be found on page ??? directly following the Grand Executive Report.

REPORT OF THE STRATEGIC PLANNING COMMITTEE

As Chair of the Strategic Planning Committee, Brother Dave Hurley was introduced to the delegates and proceeded to give a briefed report of the Strategic Plan. Brother Hurley reported that the Strategic Planning Committee created a discussion paper as a tool to engage with the various leaders of our Order in an open and constructive discussion and to receive their insight, knowledge, and guidance in developing a Strategic Plan to move the Order forward in the years to come. A review of our governance warranted that many aspects of our governance needed to be addressed. All recommendations outlined in the Strategic Planning Report will be addressed under the Resolutions.

In designing the Discussion Paper and ensuing Consultation Process the Strategic Planning Committee did so with three objectives in mind.

1. To review all levels of governance within the Order.
2. To provide a different form of governance that allowed Associations the autonomy to work together within a Region to decide their own future, receive assistance to achieve their goals and objectives, and to have direct representation on the National Executive.
3. To get direction from the leaders of the Order on what they viewed as essential in creating a Strategic Plan in moving the Order forward.

To revitalize the Order will require a Strategic Plan which will serve as a guideline. We should think of a strategic plan as our roadmap, we know where we want to go, but we need a route to get there and this plan is a guiding route to get there. A strategic plan of this nature could very well be our last opportunity to move our Order forward in today's Society.

The demographics of the Elks of Canada show that our membership is aging, and unless we as an Order take aggressive bold steps then in five years we could very well be in the beginning stages of phasing out the Order. In ten years, the Elks of Canada could very well be a memory.

From his perspective on how we handled the pandemic and moved forward, we got through it because everyone in the Order are awesome people. He mentioned that a lot of organizations did not survive the pandemic but we did which all goes back to you the members for your passion about serving in your communities.

He told the delegates they were going to be separated into breakout rooms for discussions with the focus on Elktober as the Committee is bringing that back this year. ELKS & ROYAL PURPLE FUND FOR CHILDREN
ANNUAL GENERAL VIRTUAL MEETING
SUNDAY, JULY 25, 2021

Grand Exalted Ruler Brother Barkley called the meeting to order at 9:00 a.m. and requested the Grand Esquire to tend to the Bible.

The meeting was then turned over to Alissa Hill, Charities Coordinator who joined virtually and welcomed all of the delegates to the 2021 Virtual National Convention and AGM for the Elks and Royal Purple Fund for Children. The National Charity has faced an unprecedented year, one none of us could have predicted. We have all been touched by the challenges of the global pandemic, and have all faced challenges and obstacles unlike any other year, but continue to persevere, and innovate with positive outlooks for the future. We anticipated 2020-2021 would be a challenging year for the National Charity. Like most other non-profit and donation based organizations we saw an incredible decrease in revenue. The pandemic affected many streams of fundraising and revenue,, including individual and Lodges abilities to donate. We ask that as we continue the 2021-2022 year that you keep in mind your charity when considering donations as we work to recover from a challenging year and continue to grow strong in the future.

Alissa's power point presentation highlighted some of the things the National Charity accomplished this year.

- Created a new Fund for Children website
- Ran a successful national digital ad through Facebook that reached more than 20,000 people online
- Had a successful digital workshop with members of the Elkhorn Elks Lodge talking about fundraising through a pandemic
- Offering webinars once a month moving forward to include Planned Giving, An evening with Istar and FFC Applications 101
- FFC received extremely generous donations from Yellowknife Elks Lodge No. 314 of \$40,000.00 and \$25,001.00 from Vancouver Elks Lodge No. 1 as well as a bequest in the approximate amount of \$20,000.00.
- Virtual National Convention FFC Auction had two special items gifted from WestJet and Sasktel.
- Had approximately 33+ individual personal assistance cases
- \$14,000.00 given to Scholarship recipients
- Giving Tuesday raised \$14,000.00
- Did a Fund for Children survey and received 60+ responses
- Had May is Speech and Hearing mail-out
- Launching the HI-Five fundraising campaign

After the presentation Alissa opened the floor for questions if anyone had and then turned the Chair over to Brother Peter Finch, Chair, Audit/Finance Committee to present the Fund for Children Financial Statements and proposed Budget for 2021-2022. After explanations, discussions and concerns regarding the budget, the following motion resulted.

“What a long, strange trip it’s been” – Andy Garcia, The Grateful Dead

In many ways, it feels like the last time many of us were together in Gander was a lifetime ago. A time when we could rub shoulders with members from across the country, raise our glasses together, laugh and cry together and celebrate another successful year as members of our great fraternal organization. When we left our Convention in late July of 2019, none of us could have predicted that it would be more than two years that would pass before we could see each other again. None of us could have foreseen the future impacts that a global pandemic would bring to our doorsteps.

Our gathering this weekend, although in a much different way than we are all accustomed, is in many ways a signal to us all that this terrible period that we have all been suffering through is beginning to subside, and a chapter in our history is about to close. A new dawn is before us as an organization. A community, a country, and our brothers and sisters from across Canada are returning to a life that, although changed, is closer to the way that we remember it was 18 months ago.

As we look back on the last year and a half, we reflect on the difficulties of navigating a Global Pandemic. The impact that the Covid-19 Pandemic has had on our Order, our individual members, our Lodges, our Provincial Associations, our Executive and the Grand Lodge staff. Each of us have had to make difficult decisions, sacrifices that may have been painful for the greater good of society, and the communities that we serve. Some of our members and our Lodges have been impacted in the most devastating ways. One thing that we have learned is that we have all weathered the same storm. Some have sailed through with little to no impact, while others took on water and held on for dear life. Not all who started on the rough waters made it through – we have lost loved ones, members, and Lodges during the pandemic. And we have had to make

tough decisions because of our situation as an Order that have been painful to do, but gave our Order the ability to weather the storm, rather than succumb to it.

Despite this Global Pandemic, much of the work that we had set out to accomplish as a Grand Executive when we left Gander continued. We committed to striking an Operational Review Committee to review the current operations of Grand Lodge resulting in several recommendations that were acted upon to make our Grand Lodge more efficient, effective, and stable for the short and long term. Some of the decisions were not easy ones – we sold our long-term home of Grand Lodge and have settled in a smaller space for our offices that meets our current needs. We have reduced our staffing complement to 5 professional staff at Grand Lodge and we have started the process of transitioning to an online store format to reduce costs associated with inventory.

Along with these issues that addressed the ‘here and now’ of the overall health and well-being of the Order, the Grand Executive focused on finding ways for our Lodges to receive relief through the forgiveness or postponement of annual dues and grants that could be used to spark initiatives that continued to keep our commitments to our communities within the health restrictions that limited our ability to operate. Our Grand Lodge staff made sacrifices as well, voluntarily reducing their pay by 40% over a four-month period to keep our costs down for the good of the Order. We are so grateful to have such an amazing group of caring and dedicated people working for us at Grand Lodge.

Fortunately, change is in the air and the light that seemed to flicker in the distance as a way out of the storm has now begun to shine brighter and brighter over the past several months. Vaccinations have started to turn the tide of infections and health restrictions and protocols are being lifted across provinces slowly, but surely.

Our desire for a return to a somewhat normal way of living is starting to emerge, and we are beginning to begin the healing process and assess the damage left in the wake of the passing storm of the last 18 months. As Elks, we are bound together by the ties of a great fraternity which seeks to make life sweeter, people better and the world happier. Our work has never been more important than it is today.

Our communities need our help to revitalize many of the programs, services and activities that have been slowed down or stagnant due to the pandemic. They need our leadership, our passion, and our ability to bring people together and work towards a common purpose for the betterment of our communities. Vulnerable children need us to help them access programming such as speech and language therapy that has been virtually non-existent over the last year and a half due to health and travel restrictions. Our own Lodges and members need us to build back our activities and recruitment initiatives, to help fill our Lodges with the next generation of fraternal brothers and sisters.

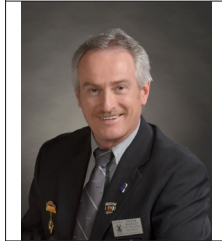

Our service to others has never been more important, and our need to build our great Order back to one that is thriving and growing to meet the needs of our members and our communities, needs to be our single greatest priority as an organization moving forward. Because of this, the Grand Executive firmly believes that an emphasis on strong strategic planning is needed for the organization, and the engagement of outside expertise is necessary to help fortify and galvanize a path for the Elks of Canada to move forward in a way that aligns our purpose and commitment to service that resonates with our next generation of good and faithful servants.

Brothers and Sisters, our theme for this year’s convention is **“RISE UP”** - a call to action to lift our fellow members and ourselves up from the slumber that we have been in over the last 18 months, to work together to lift our communities through our leadership and our passion for the service of others. Finally, we need to **“rise up”** to the challenges we face as an organization – to chart a new course, a new direction, and a new path to prosperity and growth.

This is the challenge that has been laid at our feet. A chance for us all to **“rise up”** and show our communities and country that we are here to help build our Lodges back up and make a difference in our great country. We hope that you will all **“rise up”** to the challenge and join us as we build a future for our great Order of which we can all be proud to be a part.

REPORT OF THE GRAND EXALTED RULER TO THE 2021 GRAND LODGE CONVENTION

Derek Barkley

Hi everyone.

So, where do I start?

When I was sworn in as your GER/National President in 2019 in Gander, little did I know that I, among others, would be called upon to serve an extra year in this capacity. No one saw the pandemic coming, and I'm sure it's an event that none of us wish to see again for a very long time.

My term began as most do, starting in August with planning and preparations to make for my travels, work plans for Committees, discussions with Grand Lodge Staff, etc. We also created a team of members who were tasked with performing an 'Organizational Review', which was something, that came out of Convention. This Committee would begin an analysis of our organization and make recommendations in a report for the membership in the spring of 2020.

Also in August, our Marketing Committee Chair resigned and a few weeks later, our Marketing Director in Grand Lodge, left the Order to pursue other employment opportunities. It was at this point that a decision was made to amalgamate the National Member Services and Marketing Committees. The Grand Executive (GE) also made the decision to place a greater responsibility on our staff, by appointing Cory Blair as Chair of the newly amalgamated Marketing/Member Services Committee, and appointing Alissa Hill as the Chair of the Charities Committee.

On September 11, 2019, my wife Marilyn and I left our home in Sault Ste. Marie, Ontario and headed west for a 3 month journey that would end when we returned home on December 13th.

In those 3 months, we visited Lodges in Manitoba, Saskatchewan, Alberta, and Northern Ontario. And what a journey it was! There were walk-a-thons, Lodge visits, TV and radio interviews, anniversaries and of course, some sightseeing on the weekends. Then after a January break, we flew out to beautiful British Columbia for the month of February. Again, we were treated to beautiful scenery, and warm receptions wherever we went. It was such a privilege to be able to represent our organization and meet so many of our passionate and dedicated members from across the land. It is my hope that the messages/information I conveyed helped in some small way to the Lodges we were able to visit.

While we mainly stayed in hotels, we were also put up by members who invited us into their homes where we were treated like family. Special thanks to the Potter's, Gillis's, Tutthill's, Hartter's, Sallenback's and Barnard's.

We returned from BC on March 1st and were taking another break before we were going to head to the east coast. And then the pandemic hit...

After a few weeks of anxiety and wondering, it became apparent that this was not something that was going away anytime soon. Therefore, in April 2020, the GE invoked special powers as outlined in our Constitution and cancelled the National Convention, and waived the requirement for election of Officers. This action led to the Provincial Associations making the same decision. We were also about to find out that 'Zoom' meetings were going to be the norm now, and perhaps in the future.

The 'Organizational Review' report was shared with the membership in May of 2020. Among other recommendations, there were two that the GE felt had to be acted on immediately to ensure the operating viability of the Order. The first was to put the GL office property up for sale in order to provide the Order with some much needed operating capital. This sale was completed in July of 2020 and the staff moved into new leased space, not far from our original location, in the fall.

The second recommendation that was acted on was the formation of a Strategic Planning Committee (SPC). It was apparent that due to the continuing loss of members (approximately 400/year) we needed a comprehensive plan that would involve extensive research and consultations with the Associations, PGER's, and others, in order to prepare a short term, and longer term plan for our organization. It was clear that a one day session with the GE, Provincial Presidents, and Committee Chairs at Convention was just not nearly enough time to prepare a comprehensive plan to ensure our future.

The remainder of 2020 was spent writing replies to Lodges and members who were concerned with the pandemic and its impacts on their respective Lodges. To address that concern, we created a 'dues deferral/forgiveness' program for Lodges that were struggling financially. Grand Lodge staff also continued with their support all while working remotely, due to government health restrictions.

Our National Committees also continued to carry on with their respective work plans and push forward new ideas for retaining and getting new members to join our Order. The Elks website continues to improve with the addition of a '**Member's portal**' which can be accessed by typing in '**elksproud**'. In this portal, there are all kinds of tools to help Lodges become more visible in their communities, as well as manuals for Lodge Executives, social media tips, Fund for Children posters and forms, etc. In addition, the Elks and Royal Fund for Children now has a new website and our Charities Coordinator, Alissa Hill, shares via live video and/or posts on our Facebook page, 'Tech Tips'. She also conducts monthly free webinars for all membership covering varying topics and guest speakers. She is also continually working on obtaining outside sponsorships for donations to the Elks and Royal Purple Fund for Children.

The Strategic Planning Committee (SPC) also released their report to the membership in May 2021; a copy of which can also be found in the Member's portal. There are a number of recommendations that have been made, and a number of Resolutions will go to the Convention floor because of the conclusions of this report.

One of the main recommendations of the SPC was to create a line item in our 2021/2022 budget to provide funding for retaining the services of a Professional Marketing Consultant. Despite our best efforts over the years, we have been unable to stem the tide of declining membership. So, we are hoping that an outside source can look into our organization from a different lens and make recommendations on how we need to perhaps re-brand, use a different approach, different marketing strategies, etc., in order to survive and hopefully grow again. This will not be an inexpensive undertaking, but one which we feel is critical if we are to survive to continue with our community work.

This message was conveyed to the membership who attended the virtual Provincial Conferences that I attended for New Brunswick, Ontario, Manitoba, Saskatchewan and Alberta. I did not receive a lot of questions or concerns with this item, so it appears that most of our members understand our bold decision to retain outside help. The Request for Propos-

al process to select a firm/company for this task, will ensure that we receive value for our money.

In closing, let me say that while it was a challenging two years, it was also very satisfying and rewarding for me. While it was disappointing that the pandemic prevented me from visiting Lodges in eastern Canada, I was able to attend approximately 36 Lodges/events. As mentioned previously, Marilyn and I will be forever grateful for the friendship, respect, and kindness shown to us wherever we went. From the bottom of our hearts, thank you. I would be remiss not to mention how much I have leaned on, and enjoyed working with, the Grand Executive, National Committee Chairs, and the Grand Lodge staff over the past 8 years. The commitment and dedication of these individuals cannot be overstated. The Elks of Canada are truly blessed with good people at every level of the Order.

I would also be remiss not to recognize and thank my wife Marilyn. She has always supported me throughout my years with the Elks, and was instrumental during my term as GER in helping me with my schedule, reports, notes, navigation expertise, etc. I may have had the title, but she was the brains behind the operation. The journey would not have been near as fulfilling without her at my side.

So, after two years at the helm of the good ship Elks, I will now be handing over the reins to my good friend, Bro. Maurice Koszman. 'Bro. Moe' as I like to call him, displays his passion for the Order in everything he says and does. The members can be assured that he will lead with integrity and honour. I am confident that every member will provide their support to our new leader as he faces the many challenges that exist, and the changes that will be inevitable, in our organization.

Thank you for the privilege of being your GER/National President and as always,....**THANKS FOR CARING!**

Most sincerely,

Derek Barkley
National President/GER

REPORT OF THE AUDIT/FINANCE COMMITTEE FOR THE YEAR ENDING APRIL 30, 2021

Worthy Grand Exalted Ruler, Members of the Grand Executive, Brothers and Sisters Elks of Canada;

The financial statements of the Grand Lodge of the Elks of Canada, which includes the General Fund and the Elks and Royal Purple Fund for Children, have been audited in accordance with the Constitution on a consolidated basis by our auditors Deloitte LLP. These financial statements together with the accompanying Auditor's Report have been reviewed and approved by the Audit/Finance Committee and the Grand Executive.

The financial statements have been prepared in accordance with Canadian Auditing Standards for not-for-profit organizations except that up to the sale of the Grand Lodge office building on July 22, 2020 no provision has been made for amortization of the cost of the building or on subsequent additions and improvements. The financial statements are the responsibility of Management, who is responsible for their preparation and fair presentation and for such internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. Financial information presented in this report is consistent with information in the financial statements.

The Grand Executive, Grand Lodge Committees and Grand Lodge office staff are to be commended for keeping costs down during the past year. As well we are grateful that Lodges kept up their national affiliation fee payments during a very stressful period due to the Pandemic.

For the year ended April 30, 2021 the Grand Lodge General Fund showed a net loss from operations of \$19,819 for the year, but after adding the gain on the sale of the building for \$1,111,028 ended the year with a net income of \$1,091,208. Facilities net revenues decreased to \$11,924 due to the sale of the building in July 2020 while rental fees of \$23,100 were paid after the move to a new location. Further, salaries and benefits increased to \$372,459 due to the reduction of \$85,370 charged to the Fund For Children for contractual services. Also, Lodges who asked for help in paying their affiliation fees were given Pandemic Assistance totalling \$35,222.

For the year ended April 30, 2021 the Elks and Royal Purple Fund for Children showed a net surplus of \$91,828. This was due to an increase in investment income to \$218,291 and a reduction of \$85,370 for contractual services which offset a large decrease in contributions from Elks members, Lodges, Districts and Associations to \$214,364. Also ongoing provincial programs decreased to \$65,000 and personal assistance payments to \$50,100.

In reviewing the internally restricted funds, the Finance/Audit Committee recommended a one-time transfer of \$102,434 from the Facility Contingency Reserve to unrestricted funds due to the sale of the building.

Grand Lodge Budget

For the fiscal year ending April 30, 2022 we are forecasting a net deficit of \$210,385 for Grand Lodge. We have summarized some of the revenue and expense items below.

Membership fees

We are budgeting for a decrease in membership fees of approximately \$48,500 to \$450,000 due to the Pandemic. In addition we have allowed for Pandemic Assistance to Lodges in the amount of \$10,000.

Investment Income

We have budgeted for investment income to increase to \$84,000 due to the addition in investment capital of \$1,600,000 from the sale of the building.

Facilities Net Income

There will no longer be any facilities income due to the Grand Lodge office building being sold in July, 2020.

Net Sales

Due to a large amount of inventory, we have budgeted for net sales to amount to \$2,650.

Operating Expenses

Under operating expenses, \$30,960 has been budgeted to cover Grand Lodge's share of lease payments and \$320,000 budgeted for their share of salaries and benefits after taking into consideration the Fund for Children's contribution of \$155,000 for contractual services. As recommended by the Strategic Planning Committee an amount of \$200,000 has been budgeted to cover consulting fees relating to the hiring of a professional consultant. We have also included \$30,000 for a database upgrade which was postponed from last year.

Convention Expenses

Although this year's convention will be virtual \$8,000 has been budgeted to cover the cost for some members of the Executive to travel to Regina.

Grand Exalted Ruler Expenses

It is hoped that the incoming Grand Exalted Ruler will be able to resume travel to many of the Lodges so an amount of \$49,475 has been budgeted to cover these costs.

Grand Lodge Officer Expenses

It is hoped that in the coming year the Grand Executive will have one face to face meeting so \$11,000 has been budgeted to cover travel and other costs.

Lodge Organization and Development

For the coming year \$8,000 has been budgeted to cover two initiatives, new lodge development and Elktober.

Other Matters

During the past year the Audit/Finance Committee has been asked to help the Grand Lodge Executive and the Executive Director with many projects.

Firstly, the Committee was tasked with preparing a plan on how to properly invest a proportion of the proceeds from the sale of the Grand Lodge building. This plan would include an estimate of how much should be invested. Secondly, it was asked to help with the transfer of funds currently held by Scotiabank to RBC Dominion Securities. The Committee worked with the Executive Director, the Grand Lodge Executive and representatives from

RBC Dominion Securities to develop Investment Policy Statements to cover our investments for both Grand Lodge and the Elks and Royal Purple Fund for Children. An amount of \$1,600,000 was invested from the proceeds from the sale of the building and approximately \$1,520,000 from funds transferred from Scotiabank.

Next we were asked to help the Executive Director and the National Charities Committee re-draft the Contractual Services Agreement between Grand Lodge and the Elks and Royal Purple Fund For Children. This agreement covers the amounts Grand Lodge charges the Fund for Children for shared costs including wages and rent. As a result of the new agreement the amounts charged for contractual services and rent will be reduced and will be recalculated each year.

While helping the Grand Executive and the Executive Director explain to two Provincial Associations the percentages over the past ten years paid by the Elks and Royal Purple Fund for Children for support expenses as measured against those paid for ongoing provincial programs, personal assistance and scholarships, the Committee decided to revise the financial statements for the Elks and Royal Purple Fund for Children to simplify the manner in which expenses were being reflected. The schedule breaking down expenses between programs, fundraising and administration has now been eliminated as the percentages were arbitrary and hadn't changed in several years. The audited financial statements were also changed and are now able to be fully consolidated.

The Audit/Finance Committee would like to thank everyone for working together during these hard times.

Respectively submitted,

Greetings Brother and Sister Elks,

This past 18 months has been a roller coaster of emotions, uncertainty and positive stories. In a time of a global pandemic, our membership came together to have a positive outlook and attitude to get through these tough times.

Let's be honest ... we all were in survival mode. Lodges could not meet, fundraisers were postponed or cancelled and traditions halted. What transpired from that were members coming together to keep their Lodges going, adapting to technology like Zoom meetings to connect to each other. This use of technology has allowed us to connect easier, and more frequently with each other across the country. Many Lodges have started to plan for post pandemic and what they can do to come back better than ever. Lodges have approached Grand Lodge for their own strategic plans going forward to attract new members but also look at changing the way they operate going forward starting here in 2021. This is the direction we are going and needing to go.

Our Committee was outstanding this year. Our main goal was to be here for Lodges and Associations to help in these trying times. We worked hard in creating the essential workers appreciation day. A day of recognizing the people in our community that are in the frontlines during this pandemic. We had over 20 Lodges participate doing things from news paper ads, to hotdog sales, buying coffee for truckers, buying coffee for teachers, putting up billboards, buying lunches for city bus drivers . . . the list goes on. It was amazing!!!! We had 15 Lodges ask for funding from the Committee. This was a record number in the last 5 years.

We also added more to our Member Portal. New Lodge Ritual Books from Breton Elks Lodge. A best practice form was developed so that Lodges can share their events and show how they operate them. We also advertise and feature current members every month to the public. All great work done by our Committee this year.

Going forward, we will also be launching a new membership microsite in which you the members can direct people to join and you the members can download and share Facebook ads and social media ads on your personal and Lodge platforms.

Our Committee will also be focusing on providing on-line classes for members that will focus on leadership, community and relationships. With the use of Zoom, our Committee has the ability to provide more services virtually helping our members grow and develop into being awesome volunteers and members of our community.

This will be our mandate moving forward. Helping our members be their best and also promoting why we are awesome to new prospective members.

From our Committee Members Leonard Shain, Ron Potter, Don Gillis, Lynn Williams, Nicole Bonnell, Maggie McLeod, Andy Cox, and Barry Off remember to be awesome and continue to be Elks Proud!

REPORT OF THE RITUAL COMMITTEE FOR THE YEAR ENDING APRIL 30, 2021

Kari Senko
Chair

Worthy Grand Exalted Ruler, Brother and Sister Elks of Canada:

During the past two years there have not been any concerns or suggestions for changes to our Ritual.

As we immerse from our post pandemic world and start to return to some semblance of normalcy within our Lodges, I wonder what level of Ritual will continue going forward in our Lodges. Lodges have limited their personal interaction, many postponing meetings or having virtual meetings and conducting basic meetings rather than a full traditional meeting with Ritual. We have had to adjust during these trying times.

The Elks of Canada is rich with history and traditions, much of which is shown in the beauty of our Ritual. Going forward each Lodge will proceed in the direction which is right for them. I can only hope that we will return to some level of Ritual within the Order. Remembering that we have many special occasion Rituals that need to be respected, continue to be utilized, and not forgotten.

We are entering into a world full of change. With change there is both positive and negative. What is the right direction for the Order going forward? How do we find the right balance between our traditions and our new changing world? How do we attract and retain a new generation of Elks while we show our appreciation and respect for our history and long standing members? We need to have some discussion to develop a cohesive direction for the Order to move forward with Ritual without losing who we are and where we have come from.

Respectfully submitted,

Kari Senko
National Ritual Committee

REPORT OF THE SPORTS COMMITTEE FOR THE YEAR ENDING APRIL 30, 2021

Kari Senko
Chair

Worthy Grand Exalted Ruler, Members of the Grand Executive, Brother and Sister Elks of Canada:

It is with both sadness and excitement that I prepare this report. The years 2020 and 2021 have been unprecedented and challenging to say the least. Both the Elks Canadian Curling Championship and the Elks Canadian Dart Championship were cancelled due to the global pandemic. It is with great excitement that we are looking forward to the return of our national sports championships in 2022.

The 2022 Elks Canadian Curling Championship is going to return in March 2022. Exact dates are yet to be finalized. Our host Lodges for the Championship is Stettler Elks Lodge No. 90 and Stettler Royal Purple Elks Lodge No. 60. These Lodges are looking forward to the Championship and welcoming back all of our teams.

The 2022 Elks Canadian Dart Championship is going to return in 2022. Penticton Elks Lodge No. 51 has been patiently waiting over the last two years to host the next event and are ready to welcome back all of the dart players in the spring.

We thank the host Lodges who were unable to host the 2020 and 2021 events, your patience and dedication to the events is appreciated by all.

Our sports pin sales have traditionally been a wonderful way to raise money in support of these two events; we thank you for your continued support for this program.

Respectfully submitted,

Kari Senko

REPORT OF THE GRAND JUDICIARY COMMITTEE FOR THE YEAR ENDING APRIL 30, 2021

James McLeod
Chair

Clark Kilburn

Worthy Grand Exalted Ruler, Members of the Grand Executive, Brother and Sister Elks.

On behalf of the National Judiciary Committee, it is my honour to present this report.

I would like to personally thank the other Members of our Committee, Brother Clarke Kilburn and Brother Al Busby for their support and dedication over this past year. Your input has been greatly appreciated and at times very thought provoking.

The responsibilities of our Committee is to provide support and recommendations to the Grand Lodge on all matters pertaining to the Act of Incorporation, Bylaws, and Regulations, and on any other matter in which their opinion is sought by the Grand Executive.

In essence, our Committee is there to support the Grand Executive and you the Members and only realistically get involved when asked or have been assigned a task.

This past year all tasks requested of our Committee have been completed and all inquires sent to us by the Grand Executive and or the Grand Lodge Office have been addressed.

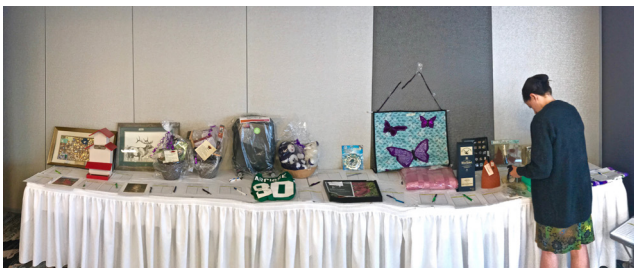

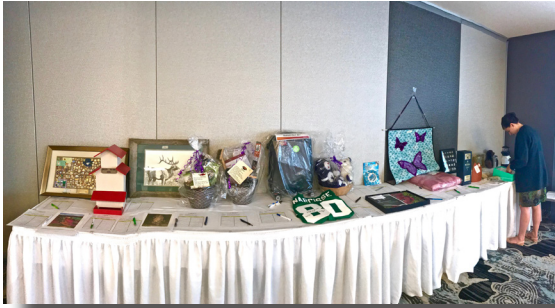

Brother and Sisters, there are a number of Resolutions that are being presented this year at our National Virtual Convention that will make a significant impact on our Order in the coming years. I would ask that you take the time to review these Resolutions and be prepared to constructively debate them during that portion of the agenda.

Worthy Grand Exalted Ruler Brother Derek, thank you for giving me this opportunity to serve our great Order in this capacity.

Fraternally,

Jim McLeod
Chairman, National Judiciary Committee

REPORT OF THE NATIONAL CHARITIES COMMITTEE FOR THE YEAR ENDING APRIL 30, 2021

Kevin Tutthill

Sharon Vickers

Myles Reid

Charlotte Hartter

Darren Entner

Welcome all to the 2021 Virtual Annual National Convention and AGM for the Elks & Royal Purple Fund for Children.

Your national charity has faced an unprecedented year, one none of us could have predicted. We have all been touched by the challenges of the COVID-19 global pandemic and continue to be, well into our 2021 year. We have all faced challenges and obstacles unlike any other year, but continue to persevere, and innovate with positive outlooks for the future.

Some highlights from the Fund over the last year include:

- 30+ Children helped through Personal Assistance Funding
- 12 Scholarships awarded
- FFC New Website, and New Facebook page created - We have received great feedback on it so far!
- FFC ran a successful national Digital ad through Facebook, the ad reached more than 20,000 people online, 400 people 'interacted' with the ad - meaning, clicked on the ad and went to the new FFC website to learn more about us. Majority of the interactions came from women (67%), between the ages of 30-50, living in Ontario.
- FFC Planned Giving promotional postcards sent out to Lodges in the direct mail format

- FFC ran a successful March digital workshop with members from Elkhorn Lodge talking about fundraising during a pandemic - 22 people in attendance. We also hosted an 'Evening with ISTAR' digital webinar and hope to continue hosting virtual webinars 1x a month with the continued interest of the membership.
- FFC 'May is Speech and Hearing' month direct mailing campaign launching in May, via direct mail and continues to bring in donations.
- \$14,000.00 Raised through Giving Tuesday
- FFC Received an extremely generous donation from Yellowknife Elks Lodge No. 314 of \$40,000.00, and \$25,001.00 from Vancouver Elks Lodge No. 1.

We anticipated 2020-2021 would be a challenging year for the national charity. In common with most other non-profit and donation based organizations we saw an incredible decrease in revenue. The pandemic affected many streams of fundraising and revenue, including individual and lodge's ability to donate. We ask that as we continue into the 2021-2022 year that you keep your charity of top-of-mind when considering donations as we work to recover from a challenging year, and continue to grow strong into the future.

I want to thank each of you for attending this conference, your registration fees have been directed as a donation to the national charity, and every cent counts. It is because of the fantastic membership, your dedication to this cause and passion to help your community that inspires this organization to thrive and persevere, thank you for all you do.

National Charities Coordinator/Co-Chair

MEMORIAL DONATIONS/GOLDEN BOOK OF MEMORIES

Memorial donations are gifts of money given to the Elks & Royal Purple Fund for Children in memory of a deceased friend or loved one, or to pre-pay entry of a name upon someone's demise. It is not a requirement that the deceased nor the donor be a member of the Order. A receipt is issued to the donor. The next of kin are notified of the thoughtful gesture; the amount of the donation is not disclosed.

The National Charities Committee reminds you to make pre-paid envelopes (available from the Grand Lodge Office) available at funeral homes to facilitate this option. Please take the opportunity to tell your family that the Elks & Royal Purple Fund for Children is your favourite charity and list our charity when preparing an obituary.

When donations on behalf of a deceased person(s) reach \$300, the name of the deceased is entered into the Golden Book of Memories. This book is updated regularly and latest entries are displayed at convention each year and at all other times in the Grand Lodge Office.

CALL FOR NATIONAL COMMITTEE MEMBERS

Grand Lodge Committee members are appointed annually by the Grand Executive. Committee members work hand in hand with the Grand Executive and staff throughout the year and assist in developing policies and recommendations for consideration of the membership. The task of leading the Order is one requiring dedication, commitment, and the ability to vision into the future. We cannot survive on tradition alone. As true Elks, we owe it to our fellow members, the Order, and our communities to make sure the Elks are in a position in the future to promote the ideals of our Order and to fulfil the needs of our communities.

National Committees generally meet for one face-to-face once throughout the year at the Grand Lodge office in Regina. Most meetings are held on Friday and Saturday to allow for more reasonable airfares and for the members to return home on Sunday. All reasonable expenses are covered in accordance with the National Regulations. Between meetings, Committee members are expected to continue their research and will often communicate with each other via telephone, e-mail, telephone conference and/or video conference calls.

The Grand Executive is now accepting applications from interested members willing to serve on Grand Lodge Committees. The National Charities Committee, Grand Lodge Audit/Finance Committee, Grand Lodge Member Services Committee, Grand Lodge Marketing Committee, and Grand Judiciary are an integral part of the national governance of the Order. Members interested in serving are requested to complete the following page and turn it in to any Grand Lodge Executive member or forward it to the Grand Lodge office.

SECTION 11 – CONFLICTS OF INTEREST AND STANDARDS OF CONDUCT (pgs 57-59)

1. **RATIONALE:** The Grand Executive, members of Grand Lodge Committees, and the Executive Director (herein after referred to as the **EXECUTIVE GROUP**), have a fiduciary obligation to maintain ethical behaviour during the course of their affiliation with the Elks of Canada and are bound to act honestly, in good faith, and at all times in the best interests of the Elks of Canada and its membership. The Executive Group of the Elks of Canada is ultimately responsible for the creation of a culture which will permeate the organization and its membership. A strong ethically grounded Elks of Canada is only possible when it is governed by a strong ethical National Executive body; in turn, the strength of the National Executive body is grounded in the ethical conduct and approach of each of its Grand Executive members, its Grand Lodge Committee members, and its Executive Director.

1. **Standards of Conduct:** The standards of conduct for the Executive Group are based on the governing ethical principles of honesty, benevolence, non-maleficence, justice, and equity. Recognizing the position of trust in which the membership have placed them, the members of the Executive Group must adhere at all times to the governing principles in all their decision making and recommendations pertaining to any business of the Order. The Mission Statement of the Order, the Vision Statement of the Order, and the direction of the members expressed at a National Convention, provide the **DIRECTION** in which the Executive Group carry out their leadership responsibilities. The Act of Incorporation, and National Bylaws provide the **RULES** under which the Executive Group shall operate.

2. **Conflict of Interest:** A conflict of interest is a situation in which an Executive Group member has, in relation to a matter coming before the Elks of Canada, a private or personal interest, sufficient to influence or appear to influence the objective, and open minded, loyal exercise of his or her function as an Executive Group member.

The circumstance giving rise to a conflict of interest need not be that of the individual Executive Group member but may be the interest of a person having close family ties to the Executive Group member, a friend, business associate, or colleague of the Executive Group member. There are basically two situations giving rise to a conflict of interest. One is that of financial interest, and the other sometimes not so obvious, is the Executive Group member who through a Grand Executive, committee, or staff position, or on account of some other significant involvement, in another corporation or organization has an obligation of loyalty that conflicts, or appears to conflict with his or her required loyalty to the Elks of Canada.

Each Executive Group member is under an obligation to avoid, whenever reasonably possible, a conflict of interest. However, conflicts of interest may nevertheless arise. In such situations the Executive Group member is required to declare the conflict of interest and refrain from voting on the issue in question. He or she is also required by these guidelines to absent himself or herself from the meeting at any time discussions of the matter giving rise to the conflict occurs. In circumstances of conflict of interest, besides declaring a conflict and absenting himself or herself from the meeting and not voting on the issue, an Executive Group member will be expected not to lobby or otherwise participate in the decision making process.

Executive Group members shall not allow their loyalty to the Elks of Canada to be compromised by their relationship to or involvement in another organization or corporation. In this regard, the Elks of Canada structure is composed of Lodges and other Chartered Units collectively known as the Grand Lodge of the Elks of Canada and each Executive Group member is required, in order to satisfy membership requirements, to be a member of a Lodge of the Elks of Canada. The fact an Executive Group member owes a duty of loyalty to his or her home Lodge or other sanctioned Unit of the Order by virtue of his or her membership, that in itself is not considered to be a conflict of interest. It is therefore not a conflict of interest for the Executive Group member to have in mind the interests of his or her Lodge when considering a matter before the Executive Group, provided always that the Executive Group member keeps an open mind, and is left free to exercise and **DOES** exercise his or her judgement, take a position, or cast a vote, that he or she believes to be in the **BEST INTEREST OF THE ELKS OF CANADA**.

3. **Acknowledgement:** Each member of the Executive Group shall be required, as a condition of their appointment, to sign the following undertaking:

I have read and understand the Order's Regulations concerning Conflict of Interest and Standards of Conduct. I promise to always act in accordance with them and as well the code of conduct expected of all Elk members as provided for in the National Constitution, Bylaws, and Regulations, and the Rituals of the Order.

Worthy Grand Exalted Ruler, Members of the Grand Executive, Brother and Sister Elks

These last two years have been quite a unique time with Covid-19 interrupting our year and extending it.

I would like to say that we had not done much as a team and would like to see the next President take a stronger role in the strategic plan of the Elks of Canada as with the rest of the Presidents.

One thing to remember is to get your reports into Grand Lodge when you are able to travel but if traveling is restricted than use other forms of technology to find out what is happening in the Lodges and send the reports that way.

So, to the incoming Presidents try to communicate directly with all the Lodges in your Associations. Help them get back up and running in their communities and support them by any means at your discretion.

Thanks for letting me serve this last year.

Yours fraternally,

Darren Scott, President

REPORT OF THE PAST GRAND EXALTED RULERS ASSOCIATION FOR THE YEAR ENDING APRIL 30, 2021

Denis Ellingboe
Chair

Worthy Grand Exalted Ruler, Members of the Grand Executive, Brother and Sister Elks.

I want to take this opportunity to thank Bro. Dave Hurley for all the great work he has done this past year coordinating the virtual calls and producing agendas on the occasions we met this year. It is greatly appreciated. In addition, thank you to all the PGER's who took the time from their schedules to attend and participate in the virtual meetings we held this year.

Three virtual meetings were held this year with the first on February 21, 2021, in which we reviewed the discussion paper on Planning for the Future. Through our discussions we were able to give our input and recommendations to the Grand Executive regarding the Strategic Planning process.

The second virtual meeting was held on April 25, 2021. Our members reviewed the report on governance in the Order and Planning for the Future document as approved by the Grand Executive and forwarded to us for our review and any recommendations or changes we might provide. As a result of our discussions, we gave our support to the Grand Executive on the document.

The annual AGM of the PGER's Association was held virtually on June 14th, 2021 at which time the annual elections were held with the following results:

Chairman: Sister Deb Sallenback
Vice Chairman: Bro. Ron Potter
Secretary: Bro Dave Hurley

Independent Auditor's Report

To the Grand Exalted Ruler and Members of
The Grand Lodge of the Benevolent and Protective Order of the Elks of Canada

Qualified Opinion

We have audited the financial statements of The Grand Lodge of the Benevolent and Protective Order of Elks of Canada (the "Grand Lodge"), which comprise the balance sheet as at April 30, 2021, and the statements of revenues and expenses, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies (collectively referred to as the "financial statements").

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Grand Lodge as at April 30, 2021, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Qualified Opinion

As outlined in Note 2, the Grand Lodge did not amortize the cost of its building and did not capitalize certain subsequent betterments. In this respect, these financial statements are not in accordance with Canadian accounting standards for not-for-profit organizations. The building was disposed of in the current year and if the carrying value of the building at the time of sale had been adjusted for the unrecognized amortization expense and the cost of subsequent additions not capitalized, excess (deficiency) of revenues over expenses from discontinued operations for the year ending April 30, 2021 would have increased by \$283,396 (2020 - \$3,630). The cumulative effect of the previously unrecognized amortization and expensed capital additions from previous years resulting in no impact to ending net assets (2020 - \$283,396 decrease to net assets). Our audit opinion on the financial statements for the year ended April 30, 2020 was modified because of the effects of this departure from Canadian accounting standards for not-for-profit organizations.

In common with many not-for-profit organizations, the Grand Lodge derives revenue from donations the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Grand Lodge and we were not able to determine whether any adjustments might be necessary to fundraising revenue, the excess (deficiency) of revenues over expenses, and cash flows from operations for the years ended April 30, 2021 and 2020, current assets as at April 30, 2021 and 2020, and net assets as at May 1 and April 30 for both the 2021 and 2020 years. Our audit opinion on the financial statements for the year ended April 30, 2020 was modified accordingly because of the possible effects of this scope limitation.

We conducted our audit in accordance with Canadian generally accepted auditing standards ("Canadian GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Grand Lodge in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Grand Lodge's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Grand Lodge or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Grand Lodge's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Grand Lodge's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Grand Lodge's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Grand Lodge to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- (a) for the good and welfare of a person prior to attaining their nineteenth birthday resident in Canada, which has been approved as an appropriate purpose by the Committee, or;
- (b) for other charitable programs or services provided for and approved in the annual operating budget.

The accompanying financial statements disclose the financial position and the operations of these funds administered by Grand Lodge on a restricted fund accounting basis.

(d) Inventory of supplies

Supplies are valued at the lower of cost and net realizable value, with cost determined on an average cost basis.

(e) Capital assets

The Grand Lodge approved accounting policy is to not record amortization on its building and to expense certain subsequent expenditures on equipment, renovations, additions or major repairs as incurred.

(f) Personal assistance programs

Commitments to provide funding are recognized as an expense of the Elks & Royal Purple Fund for Children when the National Sub-Assistance Committee approves the funding.

(g) Revenue recognition

Membership fees are recorded as revenue over the applicable membership period when they can be measured and collectability is assured. Membership fees received in advance are recorded as deferred revenue and recognized into revenue during the appropriate period.

Deferred revenue at April 30, 2021 relates to the membership year January 1, 2021 to December 31, 2021.

(h) Employee benefits

The Grand Lodge contributes 5% of basic salary into the employee's individual RRSP plans. Under the RRSP plan, the Grand Lodge's obligations are limited to making required contributions. The Grand Lodge also funds an employee life insurance and health insurance plan by covering a portion of the premiums exclusive of premiums for long-term disability coverage. These contributions and premiums are expensed in the period in which they are made.

2. Significant accounting policies (Continued)

(i) Financial instruments

The Grand Lodge initially measures its financial assets and financial liabilities at fair value. The Grand Lodge subsequently measures all its financial assets and financial liabilities at amortized cost, except for investments that are quoted in an active market (short-term investments, pooled funds, equities, and mutual funds) which are measured at fair value. Changes in fair value are recognized in the statement of revenues and expenses.

Transaction costs related to financial instruments measured subsequent to initial recognition at fair value are expensed as incurred.

Transaction costs related to other financial instruments are added to the carrying value of the asset or netted against the carrying value of the liability and are then recognized using the effective interest method. Any premium or discount related to an instrument measured at amortized cost is amortized over the expected life using the effective interest method and recognized in the statement of revenues and expenses as interest income or expense.

With respect to financial assets measured at cost or amortized cost, the Grand Lodge recognizes in the statement of revenues and expenses an impairment loss, if any, when it determines that a significant adverse change has occurred during the period in the expected timing or amount of future cash flows. When the extent of impairment of a previously written-down asset decreases and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss shall be reversed in the statement of revenues and expenses in the period the reversal occurs.

Foreign exchange risk

The Grand Lodge is exposed to foreign exchange risk due to investments in U.S. and International equities. The Grand Lodge does not use derivative instruments to mitigate its exposure to foreign currency risk.

Interest Rate Risk

Interest rate risk refers to the adverse consequences of interest rate changes on the Grand Lodge's cash flows, financial position and income. Certain of the Grand Lodge's investments bear interest at fixed rates. Consequently, the cash flow exposure is not significant. However, the fair value of investments having fixed rates of interest could fluctuate because of changes in market interest rates.

Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Grand Lodge is exposed to price risk through its investments in pooled funds and equities for which the value fluctuates with the quoted market price.

2. Significant accounting policies (Continued)

(i) Financial instruments (continued)

Credit risk

The Grand Lodge's principal financial assets are cash, investments and accounts receivable, which are subject to credit risk. The carrying amounts of financial assets on the statement of financial position represent the Grand Lodge's maximum credit exposure at the balance sheet date.

The Grand Lodge's credit risk is primarily attributable to its trade receivables and investments. The amounts disclosed in the balance sheet are net of allowance for doubtful accounts, estimated by the management of the Grand Lodge based on previous experience and its assessment of the current economic environment. The Grand Lodge does not have significant exposure to any individual customer. The Grand Lodge also limits its exposure by ensuring that it has invested in a diversified portfolio and that there is no large exposure to any one issuer.

Liquidity risk

The Liquidity risk is the risk of being unable to meet cash requirements or to fund obligations as they become due.

The Grand Lodge manages its liquidity risk by constantly monitoring forecasted and actual cash flows and financial liability maturities, and by holding assets that can be readily converted into cash.

Accounts payable are generally repaid within 30 days.

On May 2, 2020, the Grand Lodge accepted a conditional offer to sell its land and building with the final sale closing on July 22, 2020.

INFORMATION & GUIDANCE TO ALL MEMBERS IN ATTENDANCE AT THE GRAND LODGE CONVENTION

In accordance with Article 1, General Bylaws, Section 13 (pg. 15). of our Constitution and By-Laws, we will be guided in our deliberations throughout these Sessions by the Rules of Order therein and by “**O. Garfield Jones’ Parliamentary Procedure at a Glance**” & “**Robert’s Rules of Order**”.

The following Rules of Order will prevail at this Grand Lodge Session:

1. Rising to speak, all delegates must approach the microphone provided and when recognized by the Chair, give name, Lodge and number. A record will be kept of the members as they approach the microphones and all will be given the chance to speak. If a delegate who has spoken has stated your arguments, simply state that you concur with that member and resume your seat. **“In the debate, each member has the right to speak twice on the same question on the same day, but cannot make a second speech on the same question so long as any member who has not spoken on the question desires the floor. A member who has spoken twice on a particular question on the same day has exhausted his right to debate that question for that day”** (page 41, *Roberts Rules of Order*).
2. Time allotted to each speaker will be moderated and intervention will be made when, in the opinion of the Chair, the speaker is repetitious or unduly lengthy. **“Debate must be confined to the merits of the pending question. Speakers must address their remarks to the Chair, maintain a courteous tone, and—especially in reference to any divergence of opinion—should avoid injecting a personal note into debate. To this end they must never attack or make any allusion to the motives of members. As already noted, speakers should refer to officers only by title and should avoid the mention of other members’ names as much as possible”** (page 41, *Roberts Rules of Order*).
3. The Chair will consider all necessary rulings of questions on parliamentary procedure and law. An appeal of the decision of the Chair may be made by motion, duly seconded by any two members of the assembly. A general appeal is debatable however no member shall speak to the appeal more than once except the Chair, who shall be entitled to respond to arguments against the decision and shall be entitled to close the debate. An appeal related to a ruling of the Chair concerning improper conduct, the rules of speaking, or the priority of business is not debatable. The decision of the delegates on all appeals shall be final (pages 247-252, *Roberts Rules of Order*).
4. The Chair **WILL NOT** accept more than two amendments per motion at the same time (page 223, *Roberts Rules of Order*).
5. The mover will be given a chance to close the debate if they so desire.
6. A motion to lay a resolution on the table will be ruled out of order if the evident intent is to kill or avoid dealing with the resolution (page 202, *Roberts Rules of Order*).
7. Any delegate wishing to present an uncirculated resolution to the assembly, shall present a typed or printed copy of the proposed resolution directly to the Chairman of the Grand Judiciary Committee, who will arrange for the distribution of the resolution to the delegates.
8. Please keep your debates and comments **PERTAINING TO THE MERITS** of the **RESOLUTION**. We do not want to spend any time debating items such as the numbering of amended Sections in the Constitution or placement within the Constitution, as these are matters which are properly left in the hands of the Grand Judiciary Committee who are responsible for the actual publication of the Constitution and By-Laws.

Brothers and Sisters, these Rules of Order are presented to assist in the orderly conduct of business during these Sessions and to ensure that every member gets an opportunity to speak if they so desire. They are designed to ensure the assembly has adequate time to spend in full and proper debate, while at the same time recognizing that your time as delegates is valuable and unnecessary debate and repetition is not desired by any member.

Grand Judiciary Committee
